Maddox-Wagner Challenge Is Delayed Until July 12 Meeting

Full Council & Attorney Asked To Be Present; Public Record Available

Water Study Set For A Meeting Monday, July 18

* * * *

The challenge of Maddox-Wagner for fitness to sit in judgement for or against the Sierra Madre Estates was again asked to be postponed by Attorney G. Norman Kennedy, Counsel for the subdividers on the grounds that City Attorney Martin was absent.

It was felt that Attorney Martin has complete knowledge of the situation and that he and all members of the Council be present when the challenge was made. In a certain document asking for all correspondence between the City, Janet Maddox and Edmund G. Wagner, Assistant William J. Zeutzius stated that by merely asking for them the City Clerk would produce and any all public records, but as far as the personal property documents in the possession of Maddox and Wagner, these may have to be produced by subpoena and court order.

Although the Subdividers do not want to hold up or jeopardize progress in the desire of the Council to pursue a certain "Maintenance District" and since the City made the approach, they will sit in session with them, if so desired, however all matters pertaining to the Tract are asked to be withhed from discussion or vote from Maddox-Wagner until such time as the challenge is satisfied.

Ordinances

The adoption of the Parking Commission Ordinance was delayed for two weeks pending certain changes, but an Emergency Ordinance was adopted concerning posting of closed fire areas within protected fire areas.

Water

Due to time limitations, the meeting for study of the Water Report was set for Monday, July 18, it being the feeling of the Council that desires for future Supplemental Water must be considered and given to the people prior to the time element and additional costs that will be incurred by delay.

Prior to the regular meeting at 8 p.m. the Council received a report from its representative, Mrs. Edith Dane on the Economic and Youth Opportunities Agency. A Mrs. Ellis and Mr. Wyatt gave important information to the Council and asked that their decision of boundaries of their desire for the agency be established as soon as possible for administration.

Appointments

At the close of the meeting Mayor Parks appointed Mrs. James Winslow as member of the Library Board and James Gorham and Kenneth Remple to the Parks and Recreation, and the Council set Thursday, June 30, at 7:30 as personnel session to consider and make other appointments to fill in board vacancies.

Conflict

The conflict of laws governing clearing of brush and erosion was given full discussion, especially in the case of Mrs. Frank Ross, with the Council giving Fire Marshal Embree the advice to "follow the ordinances

Library Ask To Use As Reference Book

'Land of the Free' Ready For Sierra Madre Review

By DR. HENRY V. WITTY

Many local residents have shown a keen interest in the controversial 8th grade textbook "Land of the Free" which is currently undergoing revision. Concerned Sierra Madreans are apparently anxious to know where the can view the contents of the original publication of "Land of the Free" adopted last May 12 by the State Board of Education.

Considering the local library to be the most logical place for residents to gain access to this controversial textbook without having to purchase it at a cost of $6.70 plus tax, this writer contacted Mr. Paul Ax, chief librarian of the Sierra Madre Library.

Mr. Ax will present the request to the Library Board at its next regular meeting on July 5. Mr. Ax said that there is some doubt as to whether the book is library material, because it involves duplication. In other words, a textbook in the schools should not be duplicated in the library. In appealing to the Library Board, it would seem that "Land of the Free" could be an exception to this rule because the book is not at the present time in the schools and perhaps may never be.

We at the Sierra Madre News, along with many other Sierra Madreans, sincerely hope that the Library Board will see fit to place "Land of the Free" in the library as a public service to the community.

Marjorie Jones Speaks To ASWA

The Los Angeles Chapter of the American Society of Women Accountants will hear Miss Marjorie Jones, controller of the Hemet Savings and Loan Association, speak on "The Savings and Loan Industry, 100 Years of Service," at the June 28 meeting at a restaurant at 4500 Los Feliz Blvd., Los Angeles.

Miss Jones attended the University of Minnesota and UCLA, and has a Master's degree in business administration.

She is a director of the Orange County Chapter of ASWA, a first vice president of the Hemet Chapter of Business and Professional Women's Club and a member of the Society of Savings and Loan Controllers.

In her spare time she studies law and plays a good game of golf.

Also at this meeting the scholarship chairman, Eileen Griggs will award a $100 scholarship to a deserving accounting student from UCLA and USC.

Senior Citizens Honor Birthdays

Senior Citizen members whose birthdays occurred during the months of April, May and June, were guests of the organization at a chicken pie luncheon at the Park House on Saturday. Seated at the honor table, beautifully decorated with a profusion of gardenias, roses and hibiscus from the gardens of President Lola Bullock were the following honorees: Flora Anderson, Maybelle Barker, Helen Bonn, Albert Fergen, Frances Gardener, Helen Hill, Pearl Patterson, Marie Peters, Ronald Ridgeway, Mr. and Mrs. Charles Ring, Effa Schagardues, Delbert Snow and Clinton Symonds.

After a short business session, the program was turn-

Final Plan For 4th Celebration

As the Fourth of July approaches, the tempo of activity in Sierra Madre increases. Stores are now displaying the beautiful banners donated by the Chamber of Commerce. Merchants will soon be wearing their new red, white and blue vests. City flags, donated by the Lions Club, will be flown.

Members of various clubs and organizations of Sierra Madre are busily building floats and decorating entries for our parade. In addition to the groups previously listed, we will have the Rose Float Association, Pioneer Girls, Youth Employment Service and the United Crusade, making a total of 28 groups participating. This year we are looking forward to having a greater number of children, costumed, with decorated bikes, etc.

The parade will form at 9 a.m. at Sierra Madre Blvd. and Lima St. The Kiwanis Club will direct the forming and starting of the pardae. Mr. Carl Brand will drop the starting flag at 10 a.m. Members of the Kiwanis Club will also present ribbons to participating children 12 and under during formation time. All children must be accompanied by a parent; all children's groups must be accompanied by a responsible adult.

The Little League ball game will begin at approximately 12 noon at Heasley Field. It will feature members of the 12 - year - old teams.

Sierra Vista Park will resemble a small section of the fair, with gaily decorated booths of goodies and games. Some 15 groups will be offering snacks, cokes or

I'm Not In A Corner

by R. ROBERT EVANS

For as long as I can remember one of the sage remarks of Councilman Sorensen has been "that a family must live within its income"; this certainly is a wise statement, in fact, so wise that Councilman Wagner has been using it for the past few weeks.

Now, suppose we ponder on this statement for a couple of minutes . . . Is living within one's income the fact that you spend all that you earn and your saving too? . . . Or, is living within one's income the fact that you live on what you make and put a little back for a rainy day in the form of savings?

Now Wagner-Maddox preached to us that we were the 7th highest taxed city in the San Gabriel Valley and if elected they were going to see to it that we received dollar value for our tax money . . . Now we hear from Councilman Wagner that we are going to live within our income and the tax levy will not be over $1.55; still he says that we are short over $150,000 to make ends meet and THEY MAY HAVE TO EXTRACT THIS AMOUNT FROM THE CONTINGENCY FUND, the fund that had been saved and accumulated over the past ten years . . . Is this living within one's income? . . . Pray, Councilman Wagner, what are we going to do next year after the contingency fund is gone? Gee, what a bunch of bandits! . . . No wonder you wanted the Civic Center postponed for a year for study . . . Seems you have studied it right out of the picture in two short months.

The Council sets in session on July 5 to cut or confirm the budget expenses and tentatively set the tax rate . . . Are you going to be there? I certainly will be . . . If you're not, don't growl throughout the year, because you will receive just what you deserve.

H. B. Rose Sees Action Aboard Ship

Torpedoman's Mate Seaman Apprentice Henry B. Rose, USN, son of Mr. and Mrs. Henry B. Rose of 336 Foothill Ave., Sierra Madre, Calif., on Market Time patrol aboard the radar picket ship USS Ernest G. Small, assisted in the destruction of an enemy trawler trying to smuggle arms and supplies to the Viet Cong.

The 120-foot steel-hulled trawler was caught off the Cau Mau Peninsula 200 miles southwest of Saigon during the largest known single infiltration attempt since the Vung Ro Bay in-

Fireworks at Rose Bowl Monday Evening, July 4th

The world-famous Rose Bowl will again be the scene of exciting family entertainment on Monday, July 4th, when the 40th annual Circus and Fireworks Show will be presented by the Pasadena Firemen. According to Battalion Fire Chief C. M. Ward, chairman of the traditional family show, the 1966 production will salute America's space program with a gigantic show entitled "Step Into Space." Special aerial displays and colorful set pieces in blazing fireworks have been created for the birthday celebration of the United States.

The annual Circus and Fireworks Show was originally created as a community service by the Pasadena Firemen to keep citizens from injuring themselves with do-it-yourself fireworks displays. No one can count how many fires have been prevented and how many serious injuries averted by attracting 50,000 thrilled spectators to the Rose Bowl each year for this great July 4th spectacular. And as a public service it goes far beyond preventing fires and injuries; more than two dozen Los Angeles County charities benefit from proceeds derived from ticket sales. Many civic leaders proclaim the annual Rose Bowl July 4th Circus and Fireworks Display as

FANTASTIC MARK-DOWNS are the feature of Stacy's of Monrovia in their "Quitting Business" sale. Located at 508 S. Myrtle, the store will be open on Sunday and Monday, July 3 and 4, for your convenience in purchasing further mark-downs in famous name labels.

FRED AND ROSE ZAPATA, 250 Rancho Road, Sierra Madre, the new owners of Santa Anita Pools, supply and maintenance service as of July 1, are longtime Sierra Madreans, and look forward to meeting you and Sierra Madreans' pool maintenance needs as summer approaches and pools are opened. Give them a call for estimates 446-8159.

They're Ready To Take Care of Your Pool

Santa Anita Pools Now Owned By Sierra Madreans Who Stress Service

Announcement is made this week of the new ownership of Sanita Anita Pools with a new address of 50 E. Foothill Blvd., by Mr. and Mrs. Fred M. Zapata, Sierra Madreans who reside at 250 Rancho Road.

Pool maintenance is a very important phase of full enjoyment of your swimming pool. Many people find that their children suffer from earaches from swimming, which may be due to the use of wrong chemicals, too much or not enough. Santa Anita Pools has the crew with the full knowhow about pools and maintenance. This crew has had long service with the company and will be a feature of the business, as both Fred and Rose want their service to give you the very best at the lowest cost for full enjoyment of your pool facilities.

When your family numbers five children and you spend years in Hawaii because your husband is a Navy man, swimming seems a very natural means of navigation, but you get spoiled by the endless freshness of ocean water, beg pardon, a near-pun. So when native Californians Fred and Rose Zapata decided to buy a home in Sierra Madre three years ago, a while after his retirement as a chief petty officer attached to Navy air services, it was inevitable that the home they chose at 250 Rancho Road would have a pool. What the Zapatas did not realize at the time was that it was larger than everage, and a lucky thing, too, with the size of their family. Because, as Rose Zapata says, "At that time even a fish pond would have looked good to us."

The last tour of duty the Zapatas had was in Guam, where they literally spent most of their time in the water, even diving themselves for the fine collection of shells they eventually amassed. These they plan to display, just for fun and decor, in the new offices of the recently purchased Santa Anita Pool Services

This choice of business venture is most understandable, knowing this family's background, for even with a large pool, the Zapatas, accustomed to ocean, soon became aware of the importance of a pool being properly serviced, and jumped at at the chance to meet this

Realtors To Convention

John H. Curtis, local realtor and president of the Arcadia Board of Realtors, and his wife, Janet, are now reporting their attendance to and return from the Palm Springs CREA convention June 23 to 25.

"It was nice warm weather at Palm Springs," said Curtis, "with a little wind thrown in for good measure." The biggest thrill of the trip, said Curtis, was the aerial Tramway ride, where they ate their lunch atop Mt. San Jacinto.

The highlight of the CREA convention, reported Curtis, was the action being taken by the statewide organization to appeal the decision by the California Supreme Court that Proposition 14 was unconstitutional, and their refusal to rehear it, to the United States Supreme Court. Action is also being taken, Curtis explained, to raise funds and to use every legitimate means to defeat Title IV in Washington, which, if passed, would

Councilmen Challenged For Fitness

In a letter to Mayor Frank R. Parks, from Attorney G. Norman Kennedy, representing counsel for Sierra Madre Estates, the following statement was made:

'It is my intention at the City Council meeting on Tuesday night, June 28 to challenge Mrs. Maddox and Mr. Wagner for cause as to their fitness to sit, speak or vote in any matter connected with Sierra Madre Estates."

At the same time a "Demand for Production of Documents" was made on City Administrator Lawrence Bevington, Edmund M. Wagner and Mrs. Janet Maddox.

Documents wanted from Bevington are: All communications received from or directed to Mrs. Janet Maddox and Edmund M. Wagner during the period from September 20, 1962 to and including June 28, 1966, from and by all departments and officials of any department and other officials of the City, whether

Peter C. Jensen Leaving For Peru For Work & Study

Peter Jensen, age 20, 3660 Shadow Grove, Pasadena (Lower Hastings Ranch), departed Monday, June 27, by air for Lima, Peru, where he will join five of his classmates from Colby College, Maine, for a seven-week "peace corps type" work and study project under the direction of the National Student Council of the YMCA.

The students will spend two weeks participating in informal seminars with Peruvian social, community, political and governmental leaders. They will spend three weeks working with Peruvians their own age in planning, promoting and conducting activities for children in "barriades," under-developed squatter settlements which surround the city of Lima. They also will spend several days in Bogota, Columbia.

Mr. Jensen is a junior biology-chemistry student at Colby College, in Waterville, Maine, and is working toward his degree in medicine. While attending Pasadena City College he was active as president of both

New Building Completion In December

At the ground breaking of the new California Water & Telephone building, Mr. Schuil explained that his division would be responsible for maintenance and operation of the centrex equipment when the building was finished and equipment installed. He also expressed his faith in the continuing trend of economic expansion and population increases which will ultimately mean greater investments by the telephone company to provide a better grade of service than ever before.

The new building, being constructed at 390 N. Rosemead, Pasadena, will be completed in December of this year. The 14,000 square foot structure will be built of tilt-up concrete with exposed aggregate panels. The area surrounding the office will be paved and will include a two-level parking ramp and appropriate landscaping. Approximately one year will be required to install the ultra modern central office switching equipment which the building will contain.

THE CALIFORNIA WATER & TELEPHONE COMPANY recently held their ground breaking ceremony for a new four million dollar centrex building to be built in Hastings Ranch. Pictured above are Dene Christie, building contractor; Henry Schuil, the telephone company's local Division Manager; J. C. Newman, vice president telephone operations, and John Galbraith, architect.

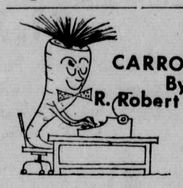

SM Night At Stadium On July 22

Dick Dodge, director of Parks and Recreation, announced this week that tickets are available at the Sierra Madre City Hall, 55 W. Sierra Madre Blvd., for Sierra Madre Night at Dodger Stadium on July 22. The $3.75 price will include reserved seating and bus transportation down and back. The Los Angeles Dodgers will be playing Philadelphia.

Dick Dodge noted that the seats this year will be in aisle 3, second deck, which is situated immediately behind home place.

The buses will load at the Sierra Madre swimming pool parking lot and will be leaving promptly at 6:30 p.m.

All persons interested in purchasing these tickets are urged to get them quickly, as the tickets are disappearing fast.

Much to the dismay of some, this week ends our fourth year as Editors and Publishers of the Sierra Madre News, and we eagerly look forward to an enlightening and interesting fifth year.

Of course I feel somewhat like the cowboy who gazed down in contempt at a herd of buffalo he was guarding . . . "Buffalo," he moaned, "the mangiest, nastiest, dirtiest bunch of critters I ever did see."

—CT—

Just then one buffalo turned to another and said sadly, "Well, there it is, the thing I thought I'd never hear . . . a discouraging word" . . . and that is the way my life bounces sometimes—other times it's quite encouraging, I keep telling myself

—CT—

During the recent campaigns and political speeches, I happened to attend a certain rally where one of the candidates made the following statement . . . "Let me tell you, ladies and gentlemen, it is the working classes that have made this country what it is today," after which he hesitated a minute expecting an applause. Instead, an angry listener shouted: "That's the way with you politicians, you blame everything on the poor working folks."

—CT—

Which reminds me of a happening the other day when a young school student approached me for employment for the summer months. After some length of discussion relative to the job, and before he accepted, he boldly asked just what I was going to pay him for this work.

—CT—

I told him that I would pay him exactly what he was worth, and his answer to me was . . . "Sorry, I cannot take the job, my expenses require me to make more money that that." . . . guess we will have to lower the standard of living just a little bit.

—CT—

Don Majerus was telling me the other day of a proposition whereby anyone of us could double our money in a certain length of time.

—CT—

The whole deal sounded fairly good to me, but then again I reminded myself that during my lifetime the only way that I had ever doubled my money was to fold it and put it in my pocket. Of course this may be one of the good reasons that I have been considering joining the 'poverty programs." It would be kinda nice to be able to start out my fifth year here and know that I was going to make at least $3,000 for my year's effort, and if I could get a "rent subsidy" I would have things fairly well on "ice."

—CT—

Since July 5 will be the evening when our City Council will sit in session to place the 1966-67 tax levy, let us remind them of the following . . .

—CT—

A long time ago it was said that the power to tax is the power to destroy. The proof of these words is being demonstrated with a vengeance today.

—CT—

The economic decisions of millions of individuals and businesses are being made with an eye on the impact of taxes. The lawmaker who assumes that the power to tax is synonymous with the power to solve any money problem in what is popularly called the public

Betsy Hunter Enjoys Her New York Guest Editorship

Betsy Hunter, of the University of California at Los Angeles, winner of a 1966 Guest Editorship with Mademoiselle magazine, is in New York City this month working in the offices of the magazine.

Miss Hunter is the daughter of Mr. and Mrs. Russell E. Hunter, of 700 W. Sierra Madre Blvd., Sierra Madre. She and the 19 other winners have gone to New York to help edit Mademoiselle's August College issue and to prepare special assignments for their departments.

The guest editors were selected from among 1500 entrants on the basis of their aptitudes for publishing shown through creative assignments submitted throughout the year to the magazine's College Competition department.

Miss Hunter is serving as guest Shop Here editor. In this capacity, she will write the copy for the "Shop Here Boutique," a regular feature in the magazine cataloging fashions that the reader may send for. In addition, she will cover fashion shops and showings, accompany the editor on photography sittings and help with the creative aspects of the column such as designing clothes and devising new methods of presenting them in the magazine.

Miss Hunter began her editorial duties on June 1 when she and the other guest editors breakfasted with the editors of Mademoiselle. Later that morning, she met with Betsy Talbot Blackwell, editor-in-chief of Mademoiselle, who welcomed her to the staff. Miss Hunter then went to lunch with Randy Mersel, Shop Here editor, for a briefing on her department's current projects.

Marriage Vows Recited Saturday

The marriage of Johanna Adriana in't Groen, daughter of Mr. and Mrs. Anthony in't Groen of Hollywood, to Joseph H. Scalzo, son of Mr. and Mrs. Joseph R. Scalzo of Arcadia, took place at 11 a.m. on June 18 at St. Philip the Apostle Catholic Church in Pasadena.

Miss Susan Scalzo, sister of the bridegroom, was maid of honor. Miss Christine Blackly and Miss Carole Pierce were bridesmaids. Also in the wedding party were Miss Diane in't Groen, flower girl, and Miss Constance Dongan, junior bridesmaid.

Timothy Ecalzo, cousin of he bridegroom, was best man. Harrison Bains and John Sewell served as ushers.

A reception followed at the Sierra Madre Woman's Club for 150 guests. The couple left the same afternoon for a honeymoon in Hawaii on the Lurline.

With so much attention focused on graduates at this time of year, it's refreshing to give some thought to teachers for a change. Two of these, dearly familiar to Sierra Madreans, are now retiring, and one is taking a sabbatical year. Marguerite Ransom will use her sabbatical to go on with work at Pasadena College toward her Master's in education and is already elbow-deep in papers, trying to catch up with her homework. She and her husband, Harold, have hopes, however, of sneaking some time off and taking their trailer up to Oregon to visit her parents, Mr. and Mrs. A. W. Holmes, who live near Oregon City. Possibly their daughter, Marilyn, will go along with them; she will be a senior at PHS this fall and plans, come college time, to go on with her music. She both studies voice and plays the piano.

"MEMOS" FROM YOUR Stylist

Inasmuch as physical fitness is a sound basis of charm, we are reminded of the claims of a noted health consultant (female by the way) who maintained that scrubbing the kitchen floor isn't necessarily all drudgery.

"Some of the best exercises for women are done on the hands and knees and utilize floor scrubbing motions," the expert advised.

We recall, too, the favorite exercise of six-day bicycle riders which might be of benefit to women who run out of gas while doing housework. At intervals, 12 times daily, the riders would take a deep breath and hold it for one minute.

Don't hold your breath, however, waiting for something magical to give your hair outstanding beauty and charm. Only sensible care on your part and an expert on out part can do this. "Let's Talk Dry Cleaning"

By Joseph Delgatto Sr.

The 4th of July recalls many things . . . most important of all, the birth of our nation through the war of independence. It is a day on which we celebrate our freedom, remembering that it was not won easily . . . and it still demands our constant united effort to preserve it.

For many of us, the 4th also recalls other memories, of picnics, brass bands, patriotic speeches, and, of course, fireworks. Nowadays the use of fireworks is more controlled than it was years ago, and there are fewer accidents. But some kinds of firecrackers are still dangerous things in inexperienced hands.

And speaking of potentially dangerous explosives brings up another subject we've been meaning to mention, the matter of inflammable home cleaning fluids. Most of those now sold are gasoline or cleaners' naphtha. A pint has the explosive power of a pound of dynamite. The fumes alone are dangerous, and even the friction of rubbing a garment can cause a static spark that will make an inflamable fluid explode.

So just as you're careful about your children playing with fireworks, be careful with cleaning fuilds. Let your dry cleaner clean your clothes . . . safely!

Tri Dlta's Hold Summer Meeting

Arcadia Area Alumnae of Delta Delta Delta held their summer meeting with Tri Delta collegiates from the area on Tuesday evening, June 28 at 7:30 p.m. Mrs. Fenwick English of Arcadia, who has been serving the past two years as rushing advisor to the USC chapter and is now social advisor there, opened her home on South Second Avenue for the meeting.

Arcadia collegiates attending included Heidi Miller from Arizona State at Flagstaff, Victoria George from Arizona State at Tempe, Cheri Goodin from Utah, and Patricia Donovan from USC. Also from Monrovia, Lynda Brewer from UCLA.

The program for the evening featured a convention report in the form of a skit highlighting some of the amusing things which occured at the recent national convention in Los Angeles. Other business included the awarding of prizes to the winners of a year long bridge tournament which alumnae have been playing. Plans were made for the annual summer swim party and barbeque to be held later this summer.

Assisting Mrs. English were Mrs. Harold Libby of Arcadia and Mrs. Richard Bertea of South Pasadena.

Fifth Annual Golf Tournament Friday, July 1

Hard working golf enthusiast members of the Sierra Madre city government and those employed by its schools, employees of any member agency of the San Gabriel Valley Municipal Athletic Association and the husbands or wives of those eligible are once again invited to participate in the fifth annual "Par-3" Golf Tournament sponsored by the association and the El Monte Recreation Department to be held Thursday, July 7, at the Twin Lakes Golf Course, 3800 Gilman Road, El Monte.

The $2 fee must be submitted with the entry blank (obtainable at City Hall here) to Brian Ogden, 3540 Lexington Ave., El Monte, no later than 5 p.m., Friday, July 1. Preference for starting time will be considered and you can arrange your own foursome; scoring will use the Cailloway Handicap System; course rules will apply and all putts must be canned.

Suitable awards will be made to winners in each division and these will be presented immediately following the tournament in the Golden Bull Restaurant located at the gold course.

Sign Up Dates For Softball

Sierra Madre Parks and Recreation Department announces sign-up dates for Boys' and Girls' Softball League. The sign-ups will take place at Heasly Field, Sierra Vista Park, 621 E. Sierra Madre Blvd., Sierra Madre. Hours are from 2 to 4 p.m. on Friday, July 1.

All girls and boys between the ages of 8 and 13 are invited to join. A charge of $1 will be made to cover insurance.

The season starts on July 13 and will extend through August 20. Games will be played on Wednesdays at 6 p.m. and on Saturday at 10 a.m. and 4 p.m. at Heasly Field.

Wash Wedding Vows Recited In Pasadena On Saturday, June 25th

MRS. WALTER WASH, JR.
. . . nee Candace Ann Wilson

Miss Candace Ann Wilson, daughter of Mr. and Mrs. David F. Wilson of 1979 Sierra Madre Villa, Pasadena, was married to John Walter Wash, Jr., son of Mr. and Mrs. J. W. Wash, of Altadena in the Westminster Presbyterian Church on June 25.

Officiating at the ceremony was Dr. Max Morrison. The bride was given in marriage by her father, and her sister, Wendie Sue Wilson was her maid of honor. The bridegroom's brother, Gener Walsh, was best man. Bridesmaids were Miss Jennifer Bacon, Miss Carrie Bellomo, Miss Alma Creighton, Miss Daphne Triphon, and two cousins of the bride, Mrs. Michael Gayner (Christine)and Mrs. Frederick (Jean) Lindauer. Ushers were Bert Walsh, Fred Walsh, Dean Wilson, Rick Brown, Larry Hart, Keith Howard, Jack Hopper, Roger Hurt.

The bride's dress, specially designed for her, had a skirt and cathedral train of organza with a bodice and over-train of Swiss-embroidered organdy dotted with seed pearls, and her veil was held in place with a small Dutch cap of the same embroidered organdy.

She carried a cascade of French carnations. Her attendants wore white eyelet over pale blue, with picture hats of pale blue organdy and each carried pale blue organdy parasols filled with white carnations and baby breath. The bride's mother wore a long pale blue cocktail suit and carried a corsage of Sterling Silver roses. The mother of the bridegroom wore a long print dress of pale pink with an overlay of white organza and carried baby pink roses.

After the wedding ceremony a garden reception was held at the home of the bride's parents, after which the newly married couple left for a honeymoon at Acapulco, Mexico, the bride wearing a traveling ensemble of dress and coat in green and white linen. On their return, Mr. and Mrs. John Walsh, Jr., will make their home in Westwood.

Shakespeare Club Holds Luncheons And Field Trips

The first or two luncheons, with bridge and swimming, will launch the summer program of the Shakespeare Club's Philanthropy Department. Mrs. George A. Cox yill open her home at 1670 Oak Knoll Ave., San Marino, Thursday, June 30, at 11 a.m. Mrs. Iris Rice is chairman of the day.

The second of such events will be July 21, at 11 o'clock, when Mrs. Earl Clark has invited the organization to her home, at 3541 San Pasqual St., Pasadena, with Mrs. Francis Merriam as chairman. Mrs. James C. Chambers, president of the Shakespeare Club; Mrs. Harold D. Wiener, vice president, and Mrs. A. J. Frederick, director of the Philanthropy Department, will be honored.

The Laguna Festival of Arts will be the destination Friday, July 29. A bus will leave the Shakespeare Clubhouse at 4:45, with box suppers to be served en route.

Hollywood Bowl night will be Saturday, August 27. Mrs. Jarvis L. Cox's home, 320 Grand Ave., South Pasadena, will be the setting for the social hour at 5 o'clock and dinner at 6, before the bus trip to the Bowl at 7 o'clock. Mrs. Walton Talley, dinner chairman, requests that reservations be made by check, with self-addressed, stamped envelope for return of verification, and sent to Mrs. Harmon T. Frey, vice director of the Philanthropy Department, 3340 Yorkshire Road, Pasadena 91107.

32nd Convention of Tri Delta's Attended By Several From Area

A number of Tri Delta women from the Arcadia Area Alumnae Chapter recently attended the 32nd Convention of Delta Delta Delta, National Sorority for Women, held at the Ambassador Hotel in Los Angeles, June 13 to 18.

Mrs. Edward G. O'Brien of San Marino, president elect of the chapter, officially represented the group throughout the week. She was joined at a number of events by other members of the Arcadia Alumnae Chapter including: Mrs. Jerry W. Asher Jr., of Sierra Madre; Mrs. Harold Cassriel, Mrs. William Sullvain, Mrs. Fenwick W. English, of Arcadia; Mrs. Michael Buchanan, of Pasadena; Mrs. Mervin E. Johnson and Mrs. John Tolley of La Canada; Mrs. Walter Varco of Temple City; Mrs. William R. Snaer, of San Marino. Attending the convention were representatives of 108 Collegiate chapters and 338 Alumnae chapters from all over the United States and Canada.

Highlights of the convention included formal rituals, a luncheon honoring Phi Beta Kappa and Mortar Board members, a luncheon for Tri Delta mothers and daughters, a Panhellenic Luncheon, an awards dinner when many silver bowls were presented to outstanding members and chapters, a luncheon honoring women who have been Tri Deltas for over 50 years, and finally a closing banquet "A Night to Remember" at which Dr. R. Franklin Thompson, president of the University of Puget Sound, gave an inspiring address. In addition, delegates were busy mornings and afternoons with workshops, leadership training sessions, election of officers for the national organization, and study sessions. Also one afternoon and evening 10 busloads of Tri Deltas had an opportunity to visit Disneyland.

Tri Delta was founded in Boston, Massachusetts in November of 1888. The national philanthropy is the giving of scholarships to colleeg women on campuses throughout the United States. Over $500,000 has been given to university and college women to help them complete their education. Another fund, "The Century Fund" was established during the 75th Anniversary year to provide funds for research in educational fields, particularly in the humanities.

Locally, Southern California Tri Deltas also support the Hematology Research Fund at the Chidren's Hospital of Los Angeles.

NOTICE
INVITING BIDS

NOTICE IS HEREBY GIVEN that the City Council of the City of Sierra Madre will on or before the hour of 10:00 a.m. on Thursday, July 21, 1966, receive at the office of the City Clerk, 55 West Sierra Madre Boulevard, Sierra Madre, sealed bids or proposals for furnishing the following to the City of Sierra Madre.

Comprehensive bodily injury and property damage insurance covering all properties, operations and equipment of said city for three years, dating from July 28, 1966, in accordance with specifications on file in the office of the City Clerk.

Bid shall be submitted in a sealed envelope plainly marked "BID FOR LIABILITY INSURANCE." Bid shall be submitted on a form prepared for that purpose. Said form and insurance specifications may be obtained in the office of the City Clerk.

It is understood that said bids will be presented to the City Council on July 26, 1966, and the successful bidder shall be prepared if so requested, to present a binder effective July 28, 1966.

Bidder shall state in his bid whether such bidder is an individual, a corporation, or a partnership. If the bidder is a corporation, he shall give the name of the State in which incorporated. If the bidder is a partnership, the bid shall state the names and addresses of all partners.

Bidders shall be required to file with each bid a surety bond or certified check or draft on some responsible bank in the United States in an amount which shall be not less than one percent (1%) of the three year aggregate of such bid as an evidence of good faith in the matter of executing the contract.

Said checks are to be returned to the unsuccessful bidders within 60 days after bids are opened. Said check of the successful bidder shall be returned to such successful bidder when the contract for insurance is signed, delivered and accepted by the City. If such successful bidder fails, neglects or refuses to furnish the contract of insurance in accordance with these specifications and notice calling for bids, then such bond or check and the amount therein mentioned shall be declared to be forfeited to such City and shall be collected by it and paid into the General Fund.

The City Council of the City of Sierra Madre reserves the right to reject any and all bids or any portion thereof.

Letters To the Editor . . .

One of the achievement goals of Lion President Ben McGee when he took office last July was "more active community participation."

Specifically, one of his aims was to see our American Flag flying from every light post in the main part of town.

June 14, Flag Day, was the date chosen by the Board of Directors of the Sierra Madre Lions Club to initiate the flying of "Old Glory." This was the culmination of almost a year of planning and working on this project, for this is quite an undertaking for a small club. Fifty American Flags with eagle-topped poles and brackets to meet the Edison Company and city standards are expensive. The club voted to set aside their profits from the annual May Rummage Sale for this purpose. And — when civic organizations are interested in community betterment, somehow a helping hand is always extended.

Bill Pugh, owner of Western Flag and Banner Company in San Gabriel, not only adapted a bracket to suit the existing ones approved by the Southern California Edison Co., but gave a generous discount to the Lions Club for this projec.

Larry Bevington, representing the city, acted as a liason between the club and the Edison Company. Dick Dodge, director of Parks and Recreation, arranged to have the city truck and Ray, the driver, ready to assist the first volunteer group of Lions members who were out at 6 o'clock on the morning of June 14th, to place each American Flag in its proper place. These early risers were Ross Tyree, Bill Harriman, Clem Bartolai, and an interested and willing friend, Harvey Birck.

It is indeed a stirring sight to see our main street proudly displaying a symbol of our freedom — the American Flag. "Long May It Wave."

—MRS. BEN McGEE

With Sierra Madre people making those trips to Tia Juana to help rebuild there, has anyone come up with the idea of setting up a pen pal exchange between the children there and those of ours who have been taking Spanish?

You and Your Neighbors

by Mary-Madeleine Lanphier

What a year for the Robert Espe family at 3695 Fairmeade! This June they entertained Mrs. Espe's parents, Mr. and Mrs. George Kalwiter of Pasadena, for their golden wedding anniversay. Lynne graduated from PHS, with honors and son Dwight, as most of you know, is to be married, and the date for that has finally been set for August 20. Small chance of any trip away till afer that. Lynn is going on to Whitworth College in Spokane, Wash., where she will major in both Christian Education and music, an exciting combination when you think of the possibilities spotlighted by the recent "folk service" held at All Saints Episcopal. What better way, indeed, to achieve the blending of brotherhood than through music?

— ☆ —

And speaking of summer leisure, some of my dearest memories are of summers in Minnesota . . . the lakes and occasional lashing storms with rainbow aftermath, fishing for sun fish in a row boat, wandering in the woods and trying to catch frogs, with superb fish and frog legs a regular items on the menu of a little inn, and the fields of wild tiger lilies passed in the car . . . so I am greatly envying Penny Dallas, daughter of Mrs. Ernie Dallas, 1275 Medford Rd., who will celebrate her graduation from PHS with a summer trip to Duluth to visit her father. Penny, on her return, will go to PCC and get on with studies toward her goal as a lab technician.

— ☆ —

Guess the underwater age is really upon us now. There's even a "Camp Afloat" in the Bahamas which has two-man submarines for exploring the ocean, a 150-foot catamaran (raft), and instruction in scuba diving and underwater photography, yet!

— ☆ —

How about this? Learn to bowl for free if you are over 50! Pasadena Dept. of Recreation will provide a certified bowling insructor at the Pasadena Bowling Center, 33 N. Lake Ave. each Friday from 9:45 a.m. to 12:30 p.m. No charge for instruction, shoes and ball! Free coffee is served. Trophies are awarded high individual series. League bowling is offered at reduced rates. This program has been going for several years — it's great for beginners because competition is not stressed.

— ☆ —

Did you read about the British Scout brass who thought it might make a more "virile image" for Boy Scouts to junk shorts? Thought these were adapted from the tropical wear of the British who colonized warm laids? However, with empire concepts changing radically, maybe some of the contemporary British have had no experience with the kind of temperatures we take for granted. Just try to get some of our grown men to abandon this bit of comfort!

— ☆ —

Summer means that more young people are answering more family phones so it might be timely to renew instructions in how to do so. A gimmick as reminder for pleasant ones might be the new thing of voiceprints; seems there are as individual as fingerprints, and there is actually a machine which indentifies them so accurately that it will be used for police identification. Interestingly enough, subject must be beyond age of puberty for positive identification, however, so suppose one's experiences and thoughts affect voice as they do facial expression.

— ☆ —

If you have serious music students in the family they will probably be the most appreciative of humor in music, so you may want to look ahead and schedule Saturday, July 23 for the special "spoof" concert, one of the Hollywood Bowl Pops concert series. Professor Peter Schickele is the creator of this program, which will feature some of the works of "P. D. Q. Bach," a "Concerto for Horn and Hardardt," the cantata "Iphigenia in Brooklyn."

Gold stars for Donald W. Douglas, Jr., president of Douglas Aircraft Co. for his catch phrase "the deadly disease of passivity" and his admonition to Long Beach City College graduates to avoid it. Apropos of this, have heard of a great therapy for people with mental stress, where meetings do not go in for discussion of personal problems but make arrangements for members to take part in hospital service activities and engage in other volunteer activities.

Santa Anita Poois Owned By Sierra Madreans — Zapatas

need for their neighbors in the San Gabriel Valley, where the Santa Anita service already has functioned years. At present Fred Zapata is working on a civilian basis with the Naval Air Station at Alameda, getting home every other week, so while he is there Rose will run he business herself, assisted by her oldest daughter, Irene Perlette, whose 2-year-old daughter, Elizabeth, under the care of her nurse, Teresito Guerrero, is learning Spanish as rapidly as English and teaching is back to her mother.

Second daughter, Linda, is now a senior at Alverno Heights Academy. Next come Linda and Mary, who go to St. Rita's, and Johnny, just 5. Little Johnny and his baby niece, Elizabeth, may get to have special swimming instruction this summer. The others are already "fishes" in their own right.

This local couple are now in business, and their business address is just across the line into Arcadia, but they are hometown people, and they stand ready to give you the best in service when it comes to swimming pool maintenance, supplies and services. They have several types of service, and one that will be sure to suit you, even to the place where they can help do-it-yourselfers. Give them a call today for an estimate. These are happy Sierra Madreans vibrating with the desire to do something for you.

Good, Old Summer Time, It's Here!

And as you know many of your folks are easily sunburned or are "photoallergic." A large number of people have a naturally sunsensitive skin, while many will have a photoallergy or photosensitively due to light sensitizing drugs. Drugs such as tranquilizers, sulfas, antibiotics, antihistamines, quinidine, to name just a few, as well as many germicidal soaps, shampoos and perfumes are possible sensitizers.

Generally, photosensitive people are affected by the longer ultraviolet part of the sun's spectrum. These wave lengths are not screened out by many of the ordinary sunburn protectants and suntan preparations presently available, but there ar some that provide protection from both the long and short wave ultraviolet light which causes the burning. This type completely blocks a broader spectrum of ultraviolet radiation and screens the longer "photosensitizing" rays very effectively.

To be completely satisfactory a sunscreening preparation should be wash-resistant to give longer lasting protection without repeated applications, and preferably be odorless, tasteless, colorless and stainless.

Such preparations are now available, so if you do have a real problem see your dermatologist and have him prescribe the correct one for your personal use.

Our pharmacists here at Hartmans will be glad to talk to you about the newer preparations, so stop in and see us anytime.

Trade is a Builder

* Does Your Trade Build for You?

TRADE built this community . . . its homes, its churches, its schools, its business houses, its jobs, its pleasant way of life.

Without Trade . . . the exchange between neighbors of labor's fruits for goods and services . . . none of these would —nor could—exist here.

Quite naturally . . . more trade builds better communities. Every single additional dollar that is spent here at home does its bit to bring greater prosperity for you and for all of us who live here.

As a matter of fact, Trade builds wherever it exists. Spend your money at home, the trade it creates builds here. Spend it in the city, the building takes place there.

There is contentment, security and opportunity in a growing community. These are the most important things that your dollar buys . . . but they can't be wrapped up and taken home with you from a city store.

It Pays to Buy Where You Live

These firms are genuinely interested in the future of our Community and your welfare . . . patronize them

Highest Rate In History

Home Savings Ups Interest Rates To Combat Inflation

Home Savings declared on Thursday, June 23, the highest interest rates paid to savers by any bank or savings and loan in a quarter of a century.

Effective July 1 Home will pay 5¾ per cent on special bonus accounts and 5¼ per cent on passbook accounts. Our decision was based on the fact that savings and loans must pay competitive rates if they are to fulfill their basic function of encouraging thrift and home ownership.

Financial authorities agree that existing rates will not increase the availability of savings and lending funds. We are hopeful that the sound and well-managed California Savings and Loan industry will follow our lead in providing funds for the home-buying public, said the institution's officers.

At the existing rates savings and loans will not attract sufficient funds to avert a near-catastrophe in the all-imporant housing industry and the allied trades that must rely upon it.

More people in California are dependent on this industry than on any other activity. The housing industry affects hundreds of thousands of people who make their livelihood as carpenters, plumbers, electricians, masons, and painters, as well as appliance and furniture dealers, real estate agents, and other servicing industries.

"We believe that this increased savings rate will provide a sufficent increase in lendable funds to stabilize mortgage interest rates in housing and thereby protect the home owner.

"By this action we believe we are resisting inflation by encouraging savings. We are confident that a greater supply of money will reduce the cost of borrowing to the public," concluded Howard Ahmanson, chairman of the board of Home Savings and Loan Association, Los Angeles.

Hole-In-One May Win

A hole-in-one scored by Duane Champlain of 550 Sierra Meadow in Sierra Madre might win him a trip to Scotland plus $1,000 in cash. By scoring his ace at the Altadena Golf Course, Champlain became eligible for the Rusty Nail Hole-in-One Sweepstakes, formerly the Old Smuggler Scotch Sweepstakes.

The winner of the annual contest will be chosen early next year.

Post Office Schedule Announced

Monday, July 4, will be observed as a national legal holiday at all postal installations as well as the Sierra Madre Post Office, stated Postmaster Guy Rossi.

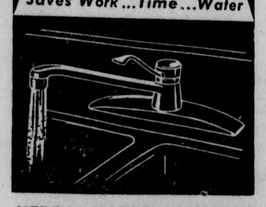

The following instructions on providing postal service on that day will be observed:

No window service will be provided. There will be no deliveries by city carriers. Normal holiday lockbox service will be maintained. Special delivery service will be provided. Holiday schedules for the collection, receipt, and dispatch of mail will be observed.

Time to get the old ice cream freezer out along with your grandmother's ancient recipe for peach cream. Feel kind of sorry for the younger generation in a way. With all of their modern entertainment and privileges how many of them ever had the opportunity to go to grandmother's farm for a Fourth of July picnic.

In this day and age old granny is as modern as they are and probably wouldn't be caught dead on a farm much less taking a turn at the churn or the ice cream handle. Why bother when you can get everything just as good at the supermarket?

However there is a lot lost in the transition of the generations. There was a certain satisfaction out of working for your goodies. It always tasted so good when you made your own ice cream . . . The turning of the crank by hand gave you time to speculate on the world about you, the butterfly on the peony bush, the bees carrying their honey, and the birds chirping and fluttering over their nest.

It was fun to cool your big toe at the drip hole with the salty slush that leaked out as you turned. The rock salt sparkled in the sun, and the most wonderful moment of all is when it was all finished and you took out the paddle to lick. Somehow there was always a little taste of salt around the top.

At the end of the day when everyone was groaning from over-indulgence from a table lavish with potatoe salad, home made pickles, ham, watermelon, ice cream, corn on the cob, pitchers of ice cold lemonade with big chunks of ice clanking as you poured cool cider, chocolate cakes, and of course big soup bowls full of ice cream, you settled down while the elder members puffed on their pipes and maybe gave a grand display of fireworks that were just as special as those you might see in the Rose Bowl, because they were so few.

And what are you going to do on the fourth . . . . Hamburgers, popsicles, whatever . . . And your kids will speak with nostalgia about the way they used to spend their Fourth of July!

* * *

The trip group had the most marvelous party a little over a week ago to return the favor to the hosts and hostesses that entertained them before they went to Europe. Those invited were told to be ready by 3 p.m. sharp and they would be picked up. Picked up they were, and in a large air-conditioned bus bearing the banner "See L.A. First" (the theme of one of the going away away parties), "Pathetic Tours, Inc."

Gordon Wright and Bill Olson were the "tour directors" with spiels on all of the points of interest. They started out with a tour of the San Gabriel Mission then on to a winery with a testing of the different vintages, they went out to see the tomb of Amy Semple McPherson (the bus driver almost messed that bit up cause he got lost), Bunker Hill, they cruised by Olivera Street, and on to Angel's Flight (that's another one they didn't make because the bus ran out of gas on Temple Street, then on to Charlie Hardison's office at Foster and Kleiser where they showed movies in the board room of the European trip with elaborate narration by the directors. They had titled the pictures with the "Pathetic News" . . . . They finally ended up for dinner a Dublin's before returning home close to midnight.

The hosts were Bill and Pat Olson, Bob and Carmen Farmer, Don and Ethel Hays, Gordon and Fran Wright, Tony and Lois Boland, and Charlie and Phyllis Hardison.

The guests were Forerst and Jean Paxson, Dom and Pat Giangregorio, Matt and Jean Slavin, Jim and Jane Smith, Gene and Nancy Rode, and Bob and Nancy Mueller.

Talked to Mrs. Edward (Flo) Barnes last week. She is recovered completely from her emergency appendectomy and back on wheels again. She missed all of the excitement of the robbery at her home while she was in the hospital. Matter of fact, she is beginning to feel they have had more than their share . . . This is the second time they have had their home broken in to in a year!

David and Delores Zinzmeyer of Villa Heights are back home again after a two week trip to the Caribbean. They went down to visit David's family who are in Puerto Rico. They stopped for a visit in St. Thomas and in Jamaica. The weather was a little hot for this time of year but all in all their trip was a huge success.

On the day they got back they got in on the tail end of the hill excitement. Seems a trash truck got loose on their hill and went careening down the street. The damage was minimal considering the size of the truck and no one was hurt.

Nothing is ever quiet on this hill. We had a recent brush fire apparently started with misuse of matches. It was spotted immediately and extinguished before it had a chance to get out of hand. In spite of our early rains the brush is tinder dry and extreme caution should be used with matches.

Another significant indication of the dryness is the fact that the rattle snakes have already been spotted in the residential areas and children should be warned to avoid thick underbrush.

Wally and Bobby Jones had a recent weekend with their two children Tim and Susie in Coronado.

They all went down with the Altadena Town and Country Club for the tennis competition with the Coronado Tennis Group. Results —they won a few and they lost a few, but they had a lot of fun.

Bobby was busy all last week getting Tim ready to go away to summer camp. He will spend the next six weeks at the Orme Ranch in Major, Arizona.

It sounds like it will be a wonderful experience for him. It is a working ranch for young people with lots of planned activities and many, many activities to choose from. There is bound to be one that will appeal to each and every guest, horseback, archery, maybe even home-made ice cream making? ?

Risque is the word! As a matter of fact, if you've ever seen the Risques in action you'll know that this group is more than just a word. Collectively, they are a combination of youth, vivaciousness and talent that can produce one of the grooviest sounds around. Individually, they each possess the specal qualiities that are needed to cooperate and to successfully put their talent to work. The boys are Tom McCue, drummer; George Stegner, lead guitarist; Lance Henry, lead and bass guitarist, and Bill Kellas, bass guitarist.

A lot of things have changed before the Risques became what they are today. The boys were each in a different band and preferred surf music to any other. After breaking away from their respective groups, they have now been together for about five months. Their musical tastes have changed, too, from that of surf to English Mod. They go for the musical styles of the Beatles and the Rolling Stones, but maintain their own individuality by trying to get away from the standard type of song. Their Their own literary talents have produced such songs as "Lied" and "Don't Stop."

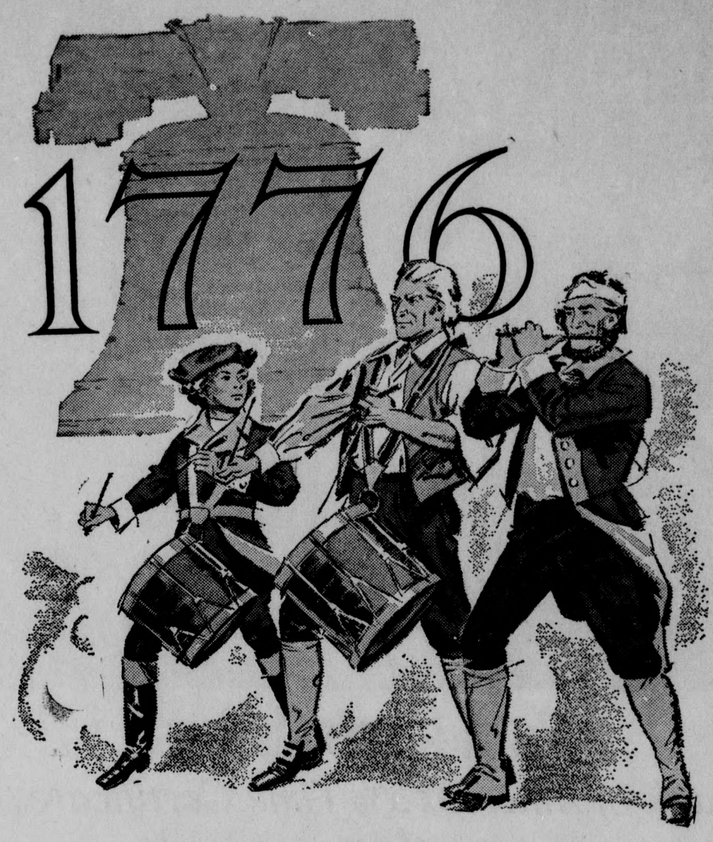

These groovy guys are in with what's happening, and from the looks of things, they're there to stay.

Rodney G. Gordon Selected For Special Training

Airman Rodney G. Gordon, son of Mr. and Mrs. Connie A. Gordon of 435 E. Laurel Ave., Sierra Madre, has been selected for technical training at Sheppard AFB, Tex., as a U.S. Air Force medical service specialist.

The airman recently completed basic training at Lackland AFB, Tex. His new school is part of the Air Training Command which conducts hundreds of specialized courses to provide technically trained personnel for the nation's aerospace force.

Airman Gordon was graduated from Pasadena High School in 1964 and attended Pasadena City College.

Project: gather a group of twenty or so, and you can get a battalion chief from the Pasadena fire department to demonsrate how to give mouth-to-mouth resuscitation using "Resusca-Annie" the girl-type dummy which gives the novice a good chance to practice without embarrassment. Firemen will also add a discussion of pool safety, demonstrate the use of their rescue equipment and show how a homeowner can makedo in an emergency with equipment likely to be on hand. Extra effective if done beside a pool; matter-of-fact, if you can guarantee the group audience, maybe our Dick Dodge would set it up for you.

So impressive service and entertainment — and unifirms — of the new Toy Soldiers at the party that they won a new recruit on the spot — or should one say, it looked like so much fun?

A trip to Utah to visit relatives is this summer's goal for the Robert Ashby family of 3845 Fairmeade Rd. Marilyn, who has just graduated from PHS, plans to attend Brigham Young University in Provo. David graduated from Wilson, where younger sister Janet is in 8th grade, will go to PHS: both will attend summer school and Marilyn will work this summer. With all the juniors around town going to summer school, looks like August in Sierra Madre will become like August in Paris is said to be — empty, since many family vacations must be postponed till then.

Not enough at all that Mrs. Keith (Jacqueline) Otterbein, 2136 Highland Vista, keeps busy as president of the Creative Arts Group, she has a special summer job as taxi-driver — for the children, that is! Jeffrey, 12, is on a competitive swim team, taking tennis lessons, will go to the Boy Scout Camp at Cherry Valley, Catalina in July, while Jordan 8, also swimming, wil then go to day camp. Jon graduated from Arcadia High, Laurie from Foothill Jr. High; oldest daughter Lynn, now married to Paul Pflueger and lives in So. Pasadena, so the family get to see her some. With all the family activity going on it will probably be late in summer that the family will take, they hope, a trailer trip to Yosemite, but expect to get in a week at Laguna, too.

By the time a mother has traveled the PTA road to the point where she has sons in four different schools, guess she has put in a really adequate apprenticeship for office. At any rate, in giving congratulations to Mrs. William Morzov, II, for being elected as president of Don Benito PTA, we'd like to add we're sure she'll do a good job (with a natural prejudice in favor of, because she once did a column on the News, too!) Oldest son of the Morzovs, who live at 1435 Daveric Drive, William III, has just graduated from PHS, will go to PCC and study dentistry and engineering, which we'll all agree do have a kinship. Howard is at PHS, David at Marshall, and Peter at Don Benito. The whole family, plus a guest for each boy, accompanied Dad to the American Legion State Convention in Bakersfield last weekend, where he was parade chairman for District 18. Several years back he won some parade awards .In July, as a scoutmaster, he'll be taking a troop out, probably in the High Sierras.

William Crowley, son of Mr. and Mrs. W. G. Crowley, 585 Manzanita, goes from PHS to U of Cal at Riverside, where he will major in history and law with an eye to pursuing a legal career. His sister Carol, a senior at Scripps at Claremont, expects to be a teacher, with American Studies her specialty. Hopes are that Mrs. Crowley can get away this summer to visit her parents, Mr. and Mrs. Rubin Sell, in Glidden, Wisconsin, but her son expects to be working.

— ☆ —

One picture you do not get from here these days and that's the idle, rich young. So far don't know of any family with a high school graduate where the graduate is not planning on working during the summer, and most of those below high gaduate rank, if not working, are going to summer school, and not because of courses flunked. Not sure who is influencing whom — kids eager-beavering for scholarship, or parents continuing on with or returning to higher education. Certainly is a swinging, building time in our history — and everybody seems to have fun, too. If I were a book publisher, though, think I'd tie up with a hammock manufacturer and a psychologist writer to promote the importance of taking a little, at least, of lazy time, reading while stretched out . . . and Eaton Canyon Park seems a great place to wander and repossess the self; the deeper thinking which comes from quiet, unscheduled time is a need at all ages.

Mrs. Beulah Wood, who spent 19 of her 31 teaching years here in Sierra Madre, will probably do some visiting with her daughter in San Luis Obispo, depending on the health of her mother, of course, who lives with her. She's kind of waiting to rest up a bit before making further plans.

sector, is due for disillusionment. When taxes pass the point of reason, revenue sources dry up.

—CT—

Local governments will do well to note a recent insident in the city of New York. There the city administration proposed an exorbitant increase in the Stock Transfer Tax that is paid by investors all over the nation who trade on the New York Stock Exchange. In the words of the president of the New York Stock Exchange, the proposal . . . "cast a shadow over the growth of the city." The Stock Exchange cancelled plans for a magnificent automated new $80 million home previously scheduled to go up near the foot of Manhattan Island.

—CT—

The imposition of this increase in the Stock Transfer Tax could mean that the heart of the industry would remove itself from New York, taking with it 43,000 jobs and an annual payroll of over $625 million. Here is what can happen when the tax gatherers overreach.

—CT—

Beware, Councilmen, the people will know when you attempt to overspend. You cannot lower the tax in one instance to hoodwink the public and raise it in another.

—CT—

In closing, let me remind you that lowering the property tax rate, and imposing a tax on the use of the Library would be foolhardy; the same would be true in raising the water rates. A tax is an expense, and if you want to stand on the premise that "make those pay who us the services," how about placing a charge of $50 for everyone who calls the Police Department for help? . . . or put a collector on the fire truck and have him run into the fire and collect $25 a call before the service? . . . Ridiculous, I hope, I hope, I hope.

THE WORLD IS WAITING...

In ancient times the world waited breathlessly for every new king. It was always man's crying hope, man's fervent expectation — that under a new king the world would be different.

Today we no longer put our faith in kings — nor in any government that does not represent the people. We believe that tomorrow will be determined by the hopes and ideals of the young men and women who today prepare for their role in life.

There aren't any Christmas bells at graduation time. But it would be well for us to remember those learned men — the Wise Men — who came across the desert to Bethlehem. They came to pay homage to a new-born King . . . One who *did* change this world.

And the sons and daughters upon whom we look with fond hopes today must find their foundation of faith in the same Lord.

With its ministry of teaching, its inspiration to service and sacrifice, the Church points *their* path to tomorrow — and *ours!*

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Editorially Speaking . .

A Miracle!

So, at this date Councilman Wagner states that the Tax Levy cannot go beyond the 1965-66 figure of $1.552 per $100 valuation. That we MUST live within our income for the next year and the only amount of additional expense that he will tolerate is the increase in valuation, to the above tax rate.

These are wonderful words, music to our ears Councilman Wagner, but the tune is a little off beat from the one that you were playing on March 8, when you stated that the City had over-taxed the residents $100,000.

Even the statement that YOU are going to keep the tax levy at the same rate as last year is LOUSY music, and we doubt very much whether, YOU, even with the help of Councilwoman Maddox will deliver this bill of goods to the Property Owners of Sierra Madre, without "Pirating" funds from the Sales Tax Fund, and should you do this it will be like jumping out of the frying pan into the fire, and the Capital Improvements will suffer in the days ahead.

Anyway, let's look at the figures and see what kind of job that you have set out for yourself come July 5 and 12 when the final argument for the budget will have to be completed.

You have sat in session with the various departments and you have heard their plea; now to accomplish your statement you will have to reduce the request for expenditurs by $120,000 in round figures just to live within the income.

The General Fund, to be put in balance, will have to receive a cut in request to the tune of $62,303, and after it is in balance it will have to be cut an additional $23,000 to take care of the Employees' salary increase asked for at the rate of 5 per cent. To do all of this the Fire Department and Police Department expenditures will have to be cut far deeper than the bone. Then you will have to take a good wack at the street cleaning, maintenance and trees . . . boy, oh boy, you are going to make a lot of taxpayers happy for the MOMENT, but just wait as the weeks go into months and the cut in services become known. You are certainly setting up one hell of a signboard as a target.

The Library, to come within our income, will have to come in for a cut of $18,440, and the Parks and Recreation will be sliced $11,525 off of their request, and hey, Councilman, how are you going to cut $4,379 off of the retirement fund? It too, figures into the potential increase.

Of course, we are using the Preliminary Budget presented by the City Administrator and know that some of the departments have already taken a voluntary cut in expenditures, but all of them woud add up to much more than $20,000, so you have a little problem of gleaning another $100,000 off of the budget during the sessions of July 5 and July 12. This will indeed be interesting to watch.

The Preliminary Budget presented, as we have told you previously, was out of balance in the General Fund, in other words the General Funds has a LIMIT of $1.00, therefore the outgo was over the income. This budget stated, "It should be carefully pointed out that the salaries shown are based on 1965-66 pay rates." And further in the budget: "The tax rates of $1.6990 (an increase of $0.1470 or $33,,883, plus the increase in valuation) are those necessary to accomplish the full Library Budget as presented and the Park Budget as shown and allowing a Park Fund gain of approximately $12,000 which can be used toward the new youth building.

Everything seems very simple to us, Councilman, (if you can do it); just tell the employees NO INCREASE this year. Tell the Library to "STAY as you were," and the Parks and Recreation to forget about the youth building.

After you get that little job done you can then inform the Police Department that you are cutting them back just a little, say $50,000.

Take another little cut from the Fire Department and the Street Department, say $20,000 and you would just about have the situation whipped, that is, if you figure that we will not have to increase employment, and maybe decrease it and you would not have to have $4,379 in increased retirement.

Now, if this does not solve your problem, you can still live within the income and maybe cut out the contribution to the Chamber of Commerce, Christmas Activities and push the Float Association in the nose, and if this doesn't work out and you need a few dollars more why not take the FREE out of the Free Public Library and charge everyone who enters.

We'll be there on July 5 and again on July 12 to see the miracle of the ages . . . a tax levy not to exceed $1.552.

It is a fact that in this contemporary world of the Great Society, we have all grown accustomed to wild spending schemes and tremendous, all-encompassing welfare programs . . . . (while Mr. Johnson was asking the people to stop spending money and thereby halt the rapid march of inflation) . . . . The President personally shoved through Congress another giant spending program which included rent subsidies and a teacher corps."

Two states, New York and California, are trying a new approach to combat the growing tendency by the general public to ignore a crime being committed instead of trying to prevent it and apprehend a criminal or help a law enforcement officer do his job. Recently California made its first payment under its "Good Samaritan" law . . . California last July became the first state to adopt such a law. It compensates private citizens for injury or damage suffered while trying to prevent a crime, apprehend a criminal or help a law enforcement officer."

Once again this year, efforts are being made to further increase the federal minimum wage . . . the law can be used to fix wages at any level. But it can't create the jobs to go with the higher pay.

Management of this newspaper is not capable of answering questions to this column; however letters to the editor will be published and answers forthcoming from the writer. Articles are of the writer's opinion and do not necessarily reflect the policy of this newspaper.

Frank Mankiewicz has never, to this writer's knowledge, been a member of the Good Clean Kids Club, but, after all, let's face it, you don't have to be either good or clean to enjoy a rip-roaring success in today's left-wing circus.

Mankiewicz played "center ring" as Latin American regional director of the Peace Corps. Apparently he was so adept at infecting Latin America with the "wave of the future" that he was called home to inoculate Americans with the same sickness.

Frank Mankiewicz is currently playing the role of press assistant to Senator Robert F. Kennedy who himself seems to find time to extend his right hand to Pope Paul VI while assisting the Viet Cong with his left.

Mankiewicz recently told a group of fine young Americans graduating from California State College at Los Angeles that he didn't believe it likely that the graduates would be the leaders of the future because they are not beatniks who take seriously the problems of our time.

"I'm afraid," said Mankiewicz, "that unless some of the faint stirrings now apparent become deeper rumbles, you are not going to be the leaders of tomorrow, but followers, and rather docile ones at that."

"But," continues Mankiewicz, "if that slice of campus society which takes ideas seriously and is willing to conduct its politics in the streets of our nation and the world, can strengthen and grow, then there is a chance . . ."

Could it be that this paragon of Americanism is attempting to convince the future leaders of our nation that they should go forth and join in spirit, if not in body, with the rabble rousing, left-wing, Communist-influenced, dirty, confused, immoral, unAmerican bums who constitute less than 3 per cent of our college students today, but speak and act as though they represent 100 per cent?

Could it be that Senator Robert Kennedy's lackey is making an effort to frighten our youth by telling them that they had better assume roles within the orbit of Marxist Socialism — or else? Could he possibly be implying that their only hope for survival is surrender.

If so, Mr. Mankiewicz and his "boss man" Kennedy had better switch to an American stand or they are surely going to have a whale of a fight on their hands.

Have you read "Pass the Poverty Please"? If not and you want the surprise of your life, then purchase the book at a cost of 75 cents at any Americanism center book store.

Two very attractive, as well as determined, young ladies have collaborated to expose the biggest fraud and blunder since Eisenhower turned over the Constitution to Earl Warren—namely, the passage and subsequent enforcement of the Economics Opportunities Act. Patty Newman and Joyce Wenger have blown the lid completely off the "war on poverty" hoax and have belted Sargent Chriver and his band of political gobble-de-gooks right in the kisser!

Just to whet your appetite—on page 59 we are told: "The Los Angeles Traveler's Aid Society is operatinga 24-hour mobile unit to assist poverty-stricken migrants who get lost on our freeways. Honest! And such an invaluable service is all thanks to $202,976 of your War on Poverty money."

If you are one of the few who feels that your taxes are a little too high, then read "Pass the Poverty Please" and find out why!

Dear Editor:

On behalf of all who benefit from the services of the free, nonsectarian City of Hope, we owe you and your publication a sincere debt of gratitude for the outstanding support you gave our recent Hope Sunday drive.

Certainly, the effort to maintain and expand the pilot programs of such a far-reaching endeavor as the City of Hope requires the work of many hands, the thinking of many minds and the generosity of many hundreds of thousands who share with us the belief that man is his brother's keeper.

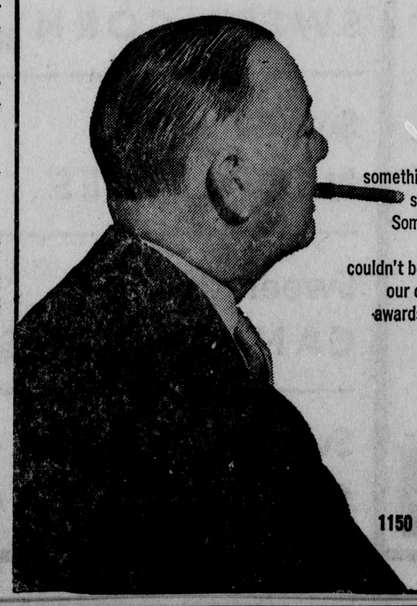

The favorable response to our volunteer marchers on Hope Sunday was ample proof that the public had been well-informed. No gift could be more meaningful to our humanitarian cause.

Please accept our deep appreciation for this and for all your help throughout the year!

PLEASE! Do not give Eaton's Restaurant an award!

(we don't want to spoil our perfect record)

It's nearly time for us **not** to be awarded something again! And we hope nobody slips up and says our Fried Chicken has just won a prize. Some restaurants become hysterical if they're not on the "best this or that" list. We couldn't be happier the way things are . . . so long as our customers keep giving us their own special awards everyday. It's called money . . . and it fits into our cash drawer so much better than a trophy or a plaque.

You and Your Neighbors

Another traveler abroad as part of the International Living Experiment is Peter Hogoboom, son of Mr. and Mrs. William P. Hogoboom of 1215 Wynn Road. He, too, already has left for Holland via New York. In Holland he will stay with a family in Steenbergen for a month, and then with the son of the family will travel through Holland by bus or bike. Peter has just graduated from PHS, goes to PCC for an art major, may eventually teach. The Hogobooms have a suddenly quiet house, for son, Bill, left this week for his stint with the Army, after putting in a year at Menlow and one at Occidental. However, still at home is Chris, taking biology at PHS this summer (doesn't everyone?) and Katie, in the 8th at Marshal, and Lise in the 7th. Hope is that Bill can get a leave in time to join the family for a flight East to meet Peter on his return from Holland, and then the'll rent a mobile home and tour New England before regular school sessions begin.

ed over to the members who had brought an exhibit of unusual pictures. Outstand- was a very ancient framed picture of General George Washington and his staff of six men, a Currier-Ives production of rare value and exhibited by Mrs. Mary Kasper. Grouped with General Washington were two French generals, two German generals and two Polish generals.

Anne Ridgeway showed a painting of the return of a young soldier after the first World War and two precious baby pictures.

Roy Pickett exhibited an interesting picture of his boyhood home in Kansas.

Another rare picture shown by Henrietta Symonds was a contact print, year 1823, of Princess Louise of Prussia at the age of 16 when she married Napoleon Bonaparte. The picture came around the Horn and had belonged to the Vannier family. The original hangs in an art gallery in Rome, and was seen by member Adelaide Kirk in her travels abroad.

Clinton Symonds displayed an unusual picture of "Feathered Art" made up of flowers and birds.

Maybelle Barker's exhibit was a picture of her cousin, Arthur Caley, the manx giant, 8 feet tall and weight 680 pounds, and a painting of his ancestral home at Balamanaugh, Isle of Man.

Cards followed the program.

Mrs. Betsy Stevens extended an invitation to the organization to meet at her gardens, 155 S. Baldwin Ave., on July 4th at 12 noon for a pot luck picnic and games.

Charles Goodfellow sent a letter of appreciation for cards sent him during his recent illness and hopes to be out of the hospital soon.

Mrs. Gertrude Parrett will welcome visitors at Crestview Lodge where she is convalescing.

Mrs. Edna Murphy is recuperating from a bad fall.

Mrs. Bernice Olsen was hostess for the day.

games to entice the citizens. For those who wish to bring their own picnic fare, tables and barbecues are available. The Lions Club has mapped spots in the park for each booth to be set up. Groups who have not contacted either Ben McGee or Frances King should do so immediately.

Adding to the fair will be sack races, peanut races, watermelon eating contest and other games planned and directed by Camp Fire Girls, Girl Scouts and Boy Scouts. Mrs. Joanne Williams, Mrs. Midge Morash and Troop 376 are in charge. These activities will begin at 3 p.m.

At 5:30 p.m. Doug Delahooke will present prizes to parade winners. Prizes will be a $5 roll of dimes for most original boy costume; most original girl costume; best decorated vehicle, best decorated pet. The winning baseball team also will be introduced.

A colorful pageant presenting all of the American flags from the landing of the first settlers to the present flag will be presented. Capt. Richard Horton, five times Freedom Foundation Award winner, will speak on the flags and their evolution. Sierra Madre girls will present a replica of each flag as it is described.

Following Capt. Horton's talk, the Sierra Madre Community Band will perform in its first concert of the season.

Frances King is general chairman.

cident last February.

The Coast Guard Cutter Point Grey on coastal surveillance, first detected the unmarked ship and reported her movements. After being hit with heavy automatic weapons fire from the beach, the cutter cleared the area and sprayed the enemy posiions with fire from her 50-caliber machine gun and 81-mm mortar.

Other Coast Guard, Navy, and Air Force units hit the trawler and enemy positions ashore with naval gun fire and air strikes. Action continued throughout the night with only light U.S. casualties resulting.

Preliminary salvage reports revealed that numerous small arms, automatic weapons, recoilless rifles, grenades, and ammunition were aboard the trawler.

Sierra Madrean Chairman Of Convention At Frisco

Mrs. Shirley McGillicuddy of Sierra Madre, current president of the California Home Economics Association, will assume the chairmanship of the American Home Economics Association during the association's annual convention now taking place in San Francisco.

The State Presidents' Unit of the AHEA is composed of presidents and presidents-elect from the group's 50 chapters. As chairman of the unit, Mrs. McGillicuddy will be their official representative on the AHEA executive board and the executive committee.

As president of the California Home Economics Association, Mrs. McGillicuddy also is leading the state's delegation to the AHEA convention.

The State President's Unit promotes the AHEA program in the state associations, coordinates the activities which will strengthen state associations.

Mrs. McGillicuddy also is a member of the AHEA's Future Development Committee. This group has presented a plan for reorganization of the national association. Their recommendations will be voted on during the convention.

Mrs. McGillicuddy is home service supervisor for Southern Counties Gas Co. She resides at 671 Chapparal Road in Sierra Madre with her husband, Blaine, and daughter.

the outstanding production of its kind in the entire United States.

It was revealed that the world-famous Polack Bros. Circus will be featured in the first half of the twin show, which begins promptly at 8 p.m. Long recognized as one of the world's greatest circuses, Polack Bros. has assembled a host of amazing and exciting acts from all over the world to be featured in the 1966 Rose Bowl performance.

The dazzling fireworks display, "Step Into Space," will follow the circus portion of the show and will climax the evening with a salute to Old Glory.

Ann Cooper, lovely Monrovia resident, will serve as "Miss Liberty Belle," official hosess for he Rose Bowl presenaion. The master of ceremonies will be the popular TV personality, Billy Barty, who starred with Spike Jones for many years and is now starring with his own children's TV program.

Tickets for the 40th annual Circus and Fireworks Show in the Rose Bowl are priced at $3, $2.50, $2 and $1 for children under 12. There is plenty of free parking. Tickets are on sale at the Pasadena Central Fire Station, 145 E. Holly St. ,

SPORTS AS Hank Ives SEES IT

SIERRA MADRE LITTLE LEAGUE SEASON COMES TO AN END . . . As reported last week, Earl La Lone's Yankees nailed down the local Little League title with a nifty 13-2 record for the season. The Red Sox (Toy & Patio Village) managed by Lee Skarin, finished second at 11-4. In third place were Harold Dapper's Dodgers (Al Foxton's Chevron Service) at 8-6.

BOB TALBOTT'S Indians headed the second division at 7-8, followed by the Cubs (S.M. Fire Dept.) with a 4-11 mark and Doug Tucker's Braves (Arnold's Hardware and Roess Market) at 3-12.

IN THE MINOR LEAGUE Bob Garrigan's Angels (Bagnall Publishing Co.) won a playoff game with the Astros by an 8-4 tally to capture first place. The boys who earned the 14-2 winning record were: Jerry Caldwell, Terence Ecker, Brian Engel, Steve Garrigan, Jeff Johnson, Kris Johnson, Lee Johnson, Scott Johnson, Paul Porter, Ron Tressen, David Vail, Vern Vine, John Walters, Doug Warden and Mark Yelich.

THE SECOND PLACE ASTROS (Sierra Engineering), coached by Wayne Hartwell, had a 13-3 season's record. Three teams tied for third place with 8-6 records. Gary Ewald's Mounties (VFW & Auxiliary), Bill Udell's Orioles (Clardon Deli) and Don Bohler's Padres (Tornomatic Co.) were in the deadlock.

JOHN HOLCOBE'S COLTS (Royal Drugs) finished at 4-9, followed by the Seals 2-12 (Ralph's Shoe Store) coached by James Cass and the Stars (First Western Bank) coached by Trevor Tooze with a 1-12 record.

THE YANKESS will enter the Pasadena City Little League Championships that get underway at Victory Park starting July 5. The Little League All-Star team will soon be announced. The All-Stars will play the winner of the Pasadena American and the Hastings Ranch Little Leaguers on July 23.

UP TO DATE COLT LEAGUE STANDINGS . . . Cardinals 7-3; White Sox 5-5 and Senators 3-7. Last week's scores: White Sox 6, Cardinals 5; White Sox 1, Senators 0; the Sox also beat the same two teams 4-3 and 12-2. The Cardinals 5 and the Senators 4 and then the Cards 8 and the Senators 6. Steve Grijalva and Ken Agee belted homers.

PONY LEAGUE RESULTS . . . Twins 6, Pirates 0; Reds 17, Tigers 3 with Neal Skarin hitting a homer for the losers; Pirates 10, Tigers 0 with Steve Collup firing 16 strikeouts; Twins 11, Reds 2 as Terry Cara belted one into the ice plant in left field; Pirates 8, Reds 6; Twins 17, Tigers 0.

THE STANDINGS READ: Twins 8-1, Reds 5-4, Pirates 5-4 and the Tigers 0-9.

LITTLE THIS-N-THAT . . . When the All-Star clash comes around in July the National League will probably rate as heavy favorites. Walter Alston will have Koufax, Marichal and probably Gibson, Bunning, Maloney and Veale on his side. With hurlers like that who needs hitters?

Just in case, this the way Old Hankus would pick 'em . . . Joe Torre behind the plate (no arguments from the Roseboro fans, please) . . . Around the horn it would be Billy White, Joe Morgan, Maury Wills and Billy Ray Hart. Aaron, Mays and Clemente wouldn't be hard to take in the outfield. Walter could use Richie Allen, Leo Cardenas and Curt Flood as subs.

Poor old Sam Mele of the A.L. will have to go with such pitchers as Sam McDowell, Dennis McLain, Steve Barber, Pete Richert and Juan Pizzaro with the Abominable slowman, Stu Miller in the bullpen.

An infield of Boog Powell, Bobby Knoop, Dick McAuliffe and Brooks Robinson wouldn't be too hard to take. Mele might get some action out of an outfield consisting of Frank Robinson, Tony Oliva and Al Kaline with Bill Freehan doing the hatching, Harmon Killebrew, Carl Yastrzeski and Norm Cash would be waiting in the wings.

Friends and neighbors will miss the Perry Butlers, who are moving, with daughter Karen, who attended Wilson, from 58 W. Highland to 216 W. San Bernardino Rd. in Covina, next door to the restaurant of their own just opening, called "The Butler House." Good luck on new venture, and come back to visit!

correspondence or otherwise, concerning Tract 27459. Any and all communications to the city and any official or department thereof from that certain organization commonly known as "Sierra Madre Safe and Beautiful," concerning Tract No. 27459.

And from Maddox-Wagner all correspondence and records of whatever nature addressed by you to other persons and public and private bodies, and all documents received by you in connection with Tract No. 27459, City of Sierra Madre, commonly known as Sierra Madre Estates from September 20, 1962 to and including June 28, 1966.

Further quotes from the letter to Mayor Parks: "Unless Mrs. Maddox and Mr. Wagner accept the challenge, I propose to question them at length concerning their activities. I also expect to ask that they be put under oath in connection with that examination."

Closing his letter to Mayor Parks, Attorney Kennedy stated: "It appears to me under case law, the constitution and the Code of Civil Procedure that Mrs. Maddox and Mr. Wagner would recognize a preemptory challenge rather than go through the challenge for cause."

The outcome of these documents will be reported on page one of this issue under th Council meeting of June 28.

make the California Rumford Forced Housing Act read like a nursery rhyme.

"In the refusal of the California Supreme Court to rehear its finding of Proposition 14 unconstitutional," said Curtis, "one notable thing was accomplished by CREA. The State Supreme Court reversed its previous finding to the effect that the Rumford Act does not include the refusal to sell single residences which are not federally financed.

Upon the basis, stated Curtis, that over 4,500,000 Californians, by a vote of approximately 2 to 1, voted to make Proposition 14 the law of the state, virtually repealing the Rumford Forced Housing Act in the protection of a cherished liberty, CREA feels that it is overwhelmingly authorized by the voice of the people to continue the fight for their freedom in real estate selling and renting.

Bethany Church News

A new summer schedule of services for Bethany Church of Sierra Madre has been announced by the church's pastor, Dr. Robert N. Schaper. Beginning on Sunday, July 3, the completely graded Bible study ministry of the Sunday school will begin at 9 with a 10:20 worship service in the church sanctuary, located at 93 N. Baldwin. The Board of Deacons of the church approved these changes to carry through September with the present duplicate service schedule resuming in October.

The evening service will remain at the 7 hour but with a change of location. An outdoor service will be held in the new and attractive patio are just recently completed in conjunction with a major building project.

Dr. Schaper invites anyone in the community to participate in the worship and study services of the church. He will conduct a communion service at the 10:20 hour this first Sunday in July, assisted by the Board of Deacons of the church.

Wednesday, July 6, at 7:30 p.m. marks the first meeting of the Family Bible Study and Prayer Service in which all members of the families are invited to participate. A time of study and prayer is provided for each age group, from nursery through adults with recreation following. The first service in this new series is especially interesting because of the appearance at the church of Dr. James Graham, president and founder of Christ's College in Taiwan. Dr. Graham has enjoyed a long and colorful career as a missionary to China. The public is invited to this service.

Bethany Church stands ready to assist the community in its spiritual needs, as it has been doing for almost 50 years. Inquiries as to other phases of the church's summer youth mnistry are invited.

Planning Body End Year Service

Having adjourned to Wednesday evening at 7:30 because of a lack of a quorum at their regular meeting, the Planning Commission ended up their final meeting of the current year somewhat in a guardry.

They approved the side yard variance of Paul Godber at 1910 Vista Ave., and approved with conditions a lot split establishing property lines between two existing houses for Bernice O. Bolt at 342 Camillo.

Hearing a request by N. H. Woolley at 667 Orange Drive they approved a variance request to reduce the front yard set back from 25 feet to 12 feet, and gave Mr. Romero, 662 Skyland Drive a side yard variance with conditions.

The request of Robert Clerk for a use variance to permit the construction and operation of a storage yard and impound area was given approval with conditons of surfacing and drainage, and Mrs. Byrd's request for accepting a private easement and street opening was not recommended.

The Commission reconfirmed their action on fill slopes and recommended that revision of City Code sections 9423-33-43 be made.

They ended their session with a discovery of conflict of ordinances, relative to property owners removing brush from their property and the CUP ordinance requiring replacement, and the item was placed on the agenda for further discussion and clarification.

The regular meeting of July 21 will find the commission reorganized and ready for the year's activities.

Christian Science Lesson-Sermon

"Look unto me, and be ye saved, all the ends of the earth: for I am God, and there is none else."

This will be the Golden Text for a Lesson-Sermon on the subject "God," to be read at all Christian Science church services this Sunday.

Related readings from the denominational textbook include these lines: "God is the infinite, and infinity never began, will never end, and includes nothing unlike God" ("Science and Health with Key to the Scriptures" by Mary Baker Eddy).

Sermon Title Announced By Dr. Barnhart

"God and Your Country" is the subject of the sermonlesson of Dr. Ethel Barnhart at the Santa Anita Church, 226 W. Colorado Blvd., Arcadia, Sunday morning, July 3 at 11 a.m. The public is invited. Infants and children of pre-kindergarten age are cared for.

Graded classes in religious education are conducted at 11 a.m. for children from kindergarten through high school. All are welcome.

"You Can Be Prosperous" is the theme of the summer course in victorious living given by Dr. Barnhart at the church. The principles under which and by which the individual becomes unified with Universal Prosperity will be taught and practiced. This is a five-week course beginning Wednesday, July 6, from 7:30 to 9:15 p.m. It is a tuitional course open to anyone who not only desires to have the law of prosperity operating through his affairs, but will assume his own responsibility in making this possible. Please call 446-8206 if you desire further information.

Applications for enrollment are available at the church for summer school at the Santa Anita Church Day School, July 11 through August 5. Call 446-8206 for further information.

Dr. Barnhart also reminds that, "Our Dial-for-Prayer, 447-6162, lovingly offers you spiritual help day or night."

Rory S. Smith In Training

RORY S. SMITH

Coast Guard Caret Rory S. Smith, son of Mr. and Mrs. Rex H .Smith of 618 W. Highland, Sierra Madre, took part in a summer training cruise on one of two Coast Guard cutters in the Caribbean, June 10-21.

The summer training cruise system is designed to give Cadets of the Coast Guard Academy an opportunity to learn first hand such professional subjects as navigation and piloting, anti-submarine warfare, gunnery and seamanship.

When he has finished his four years at the Academy, he will be graduated with a bachelor of science degree and a commission of Ensign in the Coast Guard.

Seminary Student Conducts Service At Faith Lutheran

Theological student Arnold Frank of Whittier will conduct the 10 a.m. Sunday morning service at Faith Lutheran Church, 845 Hastings Ranch Drive, according to the Rev. Armin Hesse, pastor of the congregation.

Mr. Frank has selected as his pulpit message "The Living Church."

A graduate of Concordia College in Milwaukee, Wisconsin, and of Concordia Senior College in Ft. Wayne, Indiana, in 1964 Student Frank completed his second year of studies at Concordia Theological Seminary in St. Louis, Mo. Currently he is employed as a Youth Counselor for the California Youth Authority at the Fred C. Nelles School for Boys in Whittier, serving as a counselor. On September 1, he will begin a year of internship at First Lutheran Church in Monrovia.

In the 8:45 a.m. Sunday school hour, the departments will begin a new summer series of lessons. Meeting in the church sanctuary under the direction of Robert Beckstrom, the Adult Bible Class will initiate a series of lessons of the New Testament Epistle of James.
